

4SeCustomsTM

Web based, Global Customs Compliance Solution

4S eCustoms[®] is Four Soft's web centric customs compliance solution designed to support import, export and transit declarations for transport of goods across international borders. 4S eCustoms[®] is the world's first web centric, integrated Customs module, capable to create, maintain and transact electronic declarations with customs systems of individual countries. 4S eCustoms[®] leverages the J2EE platform across its entire integrated (Belgium, Netherlands, USA, Canada and India) customs compliance product suite.
